

ARBC Sponsored Robotics Team Sign-up Process

How to participate on a robotics team sponsored by the Anacortes Robotics Booster Club (ARBC).

Supported Programs and Teams

ARBC sponsors *FIRST* robotics teams formed from students in the Anacortes School District under several *FIRST* programs: *FIRST* LEGO League Explore (grades 2-4), *FIRST* LEGO League Challenge (grades 4-8), and *FIRST* Tech Challenge (grades 8-12).

ARBC provides administrative/financial/material support to sponsored teams. The ARBC sign-up process maintains ARBC's accountability for spending the funds that ARBC receives to benefit the teams. **ARBC's sign-up process runs in parallel with any ASD school sign-up process such as FinalForms for the AHS and AMS Robotics Clubs—you will have to make entries for your student(s) in both places if applicable.**

See the other side for a more descriptive explanation of the process

ARBC Sponsored Robotics Team Sign-up Checklist

Use this checklist to confirm that you have taken all of the steps required for your to participate on a robotics team sponsored by the Anacortes Robotics Booster Club (ARBC). If you have any questions about this process, review the other side and/or send e-mail to Info@AnacortesRobotics.org for assistance.

Parental/Student Action Checklist

- ☐ Parent has pre-registered his/her student by filling out the Parental Interest form for the desired program on the ARBC website
- ☐ Parent has responded to team formation e-mails as requested in order to pick day/time/location for team meetings
- ☐ Parent has received notice that student is on a team, and student is ready to attend team meetings
- ☐ Parent has made team startup contribution on the ARBC website, then printed the downloaded PDF Team Membership Contract for the correct program
- ☐ Student has filled in their name and signed the Team Membership Contract, then turned it into their team coach
- ☐ Parent has followed e-mail instructions to officially register student on the *FIRST*Inspires website

Congratulations! If you have completed all steps, then your student is an official member of their team, and registered for expositions/competitions. Communicate with your team coach for more information about the team's activities. You will receive e-mail communications from team coaches regarding the team, and from ARBC regarding booster club activities.
